Summary

Reliable and adaptable IT professional with experience in system administration, network management, and application enhancement. Currently responsible for managing and improving internal Odoo modules (Accounting, Purchase Request, Helpdesk, and Project Apps) by analyzing and extending vendor-developed code. Skilled in virtualization, server provisioning, and containerized deployments using Docker and PostgreSQL. Known for strong problem-solving skills, attention to detail, and a proactive approach to maintaining efficient and secure IT operations. Passionate about continuous learning and delivering effective IT solutions that support business goals.
